START PLANNING FOR YOUR BUSINESS'S UP-SWING NOW!

From The Desk of Julie Della, Managing Director

It's time to plan for your business's up-swing **NOW!** All market indications are showing positive signs after nearly 18 months of economic struggle.

As a Business Owner or Manager, you now need to seriously think about your business and making sure it is ready to take on the New World!

To paraphrase Lord Kitchener from the old British Army recruiting posters ... "Your Business Needs You"

Job enquiries from Clients have again increased in momentum and surprisingly the job market was very busy through the December/January holiday period.

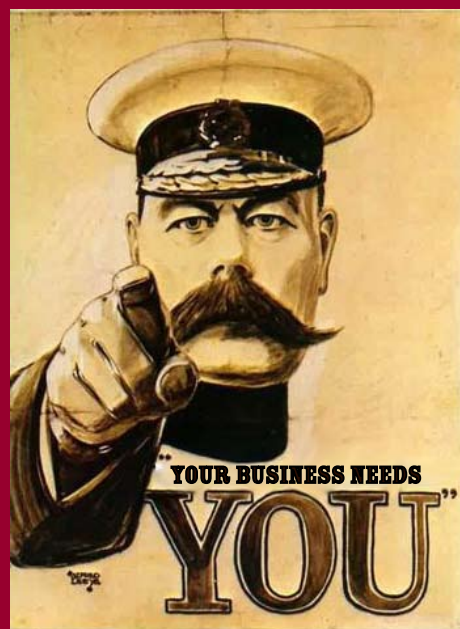

Over the past 18 months the demand for Administration & Support staff and Residential & Strata Managers has remained constant.

Enquiries for Temporary and Contract employees have risen dramatically since our last Newsletter along with a steep demand for experienced and qualified candidates in the Residential Building and Commercial Construction Industries.

Enquiries for Corporate Property Professionals has also increased with the shift in large commercial, retail portfolio managements and commissioning of new buildings.

We are confident that 2010 will provide some outstanding employment opportunities for both Candidates and Clients.

With many Businesses and Candidates re-emerging over the past few weeks, coupled with the positive media reports — 2010 will certainly be much lighter and brighter than 2009.

OUR NEW WEB SITE IS ALMOST READY!

We are currently working on our new web site and will re-launch towards the end of March 2010
